Sommario/riassunto

In this book, Kim Etherington uses a range of narratives to show the reader how reflexive research works in practice, linking this with underpinning philosophies. Placing her own journey as a researcher alongside others, she suggests that recognising the role of self in research can open up opportunities for creative and personal transformations.

## Sommario/riassunto

Northern interventions into African countries at war are dominated by security concerns, bolstered by claims of shared returns and reinforcing processes of development and security. As global security and human security became prominent in development policy, Congo was wracked by violent rule, pillage, internal fighting, and invasion. In 2002, the Global and All-Inclusive Peace was promoted by northern donors, placing a formal peace on the mass of informalised wars. *Formal Peace and Informal War: Security and Development in Congo* examines how the security interests of the Congo
