| Edizione | [1st ed.] |
| Descrizione fisica | 1 online resource (259 p.) |
| Collana | Maresfield library |
| Disciplina | 157.7 616.8583 |
| Soggetti | Paraphilias Hostility (Psychology) Mother and child |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Note generali | Description based upon print version of record. |
| Nota di bibliografia | Includes bibliographic references and index. |
| Nota di contenuto | pt. 1. Definition -- pt. 2. Dynamics : trauma, hostility, risk and revenge -- pt. 3. Social issues. |
| Sommario/riassunto | 'Why in this enlightened day would one choose to entitle a work Perversion, a term that is becoming passe? The great research published in the last decade or two has taught us that aberrant sexual behavior is found in other species, is ubiquitous in man, and is the product of brain and hormonal factors that can function independently of anything we might call psyche. Then too, their findings make researchers regret society's moral stance that sexual aberration is unnatural - sinful - and the repressive social action that follows. Thus, in ridding ourselves of the concept of perversion, we have the tempting combination of good research serving a humane cause. Yet it is the author's contention, explored in the body of this book, that perversion exists. The connotations of the word are unpleasant and have a flavor |

of morality and therefore of free will that is antiquated in these days of science and determinism. It is to avoid such connotations that the softer terms "variant", "deviation," or "aberration" are used.
