Sommario/riassunto

"Designed for use in multicultural counseling courses, graduate level practicum, or as part of a counseling techniques course, this casebook provides students with the opportunity to think critically and learn how to incorporate and apply multicultural skills and competencies in a treatment setting. This book features cases from leading scholars and practitioners in the field and is written from both the perspective of the therapist/counselor and the client/consumer. Aligned with ACA's CACREP accreditation standards, APA Guidelines for Multicultural Competence, and the AMCD Multicultural Counseling Competencies, each case contains focus questions and an analysis of the case by the author"--
