Sommario/riassunto

Ce manuel analyse les approches et les methodes qui ont prouve leur efficacite en Afrique de l'Ouest. Tout en abordant des questions plus larges, il est centre sur le renforcement des capacites des petits exploitants a l'echelon local. Il inclut les methodes pour une planification efficace et les outils necessaires a la formation des producteurs. Cet ouvrage est accessible au profane ainsi qu'a tous ceux interesses par le renouvellement des methodes d'appui aux petits producteurs.
