Nota di contenuto	Italian adult comics before '77 -- The emergence of the second generation of adult comics in its political context -- The authors.
Sommario/riassunto	Exploring an overlooked era of Italian history roiled by domestic terrorism, political assassination, and student protests, this book shines a new light on what was a dark decade, but an unexpectedly prolific and innovative period among artists of comics intended for adults. Blurring the lines between high art and popular consumption, artists of the Italian comics scene went beyond passively documenting history and began actively shaping it through the creation of fictional worlds where history, cultural data, and pop-realism interacted freely.
