Sommario/riassunto	Tejanos (Texans of Mexican heritage) were instrumental leaders in the life and development of Texas during the Mexican period, the war of independence, and the Texas Republic. Jesus F. de la Teja and ten other scholars examine the lives, careers, and influence of many long-neglected but historically significant Tejano leaders who were active and influential in the formation, political and military leadership, and

economic development of Texas. In *Tejano Leadership in Mexican and Revolutionary Texas*, lesser-known figures such as Father Refugio de la Garza, Juan Mart n Veramendi, Jos Antonio Saucedo, Raphael Manchola, and Carlos de la Garza join their better-known counterparts--Jos Antonio Navarro, Juan Segu n, and Pl cido Benavides, for example--on the stage of Texas and regional historical consideration. This book also features a foreword by David J. Weber, in which he discusses how Anglocentric views allowed important Tejano figures to fade from public knowledge. Students and scholars of Texas and regional history, those interested in Texana, and readers in Latino/a studies will glean important insights from *Tejano Leadership in Mexican and Revolutionary Texas*.
