Britain's cities of yesterday and tomorrow; 8. Smart cities work; 9. Future cities: piecing the jigsaw together; Afterword: the urban jungle or urban jigsaw?; Notes and references; Bibliography; Index
Sommario/riassunto	Through a close look at major British cities, using Birmingham as a case study, the book explores the origins of Britain's acute urban decline and sprawling exodus; the reasons why 'one size doesn't fit all' in cities of the future and the potential for smart growth, mixed communities and sustainable cities. Based on live examples and hands-on experience, this extremely accessible book offers a unique 'insider' perspective on policy making and practical impacts. It will attract policymakers in cities and government as well as students, regeneration bodies, community organisations and environmental specialists.
