Sommario/riassunto

This book examines in depth the impact of the EU on aspects of the quality of democracy in eight selected post-communist countries. Considering both the political and legal aspects of the dynamics among institutions and focussing on inter-institutional accountability, the book analyses how constitutional designs have been effectively implemented to achieve this, and to what extent this was the result of EU action. In order to make a comparative assessment of the EU on democracies, the book features detailed case studies according to their different status vis-a-vis the EU, including
