Sommario/riassunto	At times it appears that a whole industry exists to perpetuate the myth of origin of the Beatles. Brocken argues that the music history of the Liverpool in which the Beatles grew and then departed is not fully represented. Beatles historians and businessmen-alike have seized upon myriad musical experiences and reworked them into a discourse that homogenizes not only the diverse collective articulations that initially put them into place, but also the receptive practices of those travelers willing to listen to a somewhat linear, exclusive narrative.

Other Voices presents a history of the
