Decision Making, Networking, and Organizations -- 10. Power Elite Prototypes in the Twentieth Century: The Old and the New -- 11. Power Elites in the Twenty-First Century: Consequences of New Leadership -- Bibliographic Essay -- Index
Sommario/riassunto	This groundbreaking study marks the culmination of over twenty years of research by one of this country's most prominent Mexico scholars.

Roderic Ai Camp provides a detailed, comprehensive examination of Mexico's power elite—their political power, societal influence, and the crucial yet often overlooked role mentoring plays in their rise to the top. In the course of this book, he traces the careers of approximately four hundred of the country's most notable politicians, military officers, clergy, intellectuals, and capitalists. Thoroughly researched and drawn from in-depth interviews with some of Mexico's most powerful players, *Mexico's Mandarins* provides insight into the machinations of Mexican leadership and an important glimpse into the country's future as it steps onto the global stage.
