Sommario/riassunto

This book publishes, for the first time in decades, and in many cases, for the first time in a readily accessible edition, English language philosophical literature written in India during the period of British rule. Bhushan's and Garfield's own essays on the work of this period contextualize the philosophical essays collected and connect them to broader intellectual, artistic and political movements in India. This volume yields a new understanding of cosmopolitan consciousness in a colonial context, of the intellectual agency of colonial academic communities, and of the roots of cross-cultura
