Sommario/riassunto	Talcott Parsons (1902-1979) is one of the most influential and best-known sociologists of the past century. This introduction dwells on Parsons' conceptual apparatus and offers a compendium of his research. His works are subdivided into three distinct periods, each characterized by specific concepts and theoretical developments. Parsons utilized his conceptual and theoretical frameworks to conduct several studies, which are presented here in detail. These studies focus on major sociological themes, such as power and influence, social stratification, ethnic groups, and the American educational
