| Sommario/riassunto | The Annual World Bank Conference on Development Economics (ABCDE) brings together the world's finest development thinkers to present their perspectives and ideas. In recent years, a parallel, second conference has been held in Europe with the same goal of expanding the flow of ideas between thinkers, practitioners, and policymakers in the field of international development. This title presents selected papers from the seventh annual ABCDE - Europe meetings, held May 2005 in Amsterdam, the Netherlands. |
