

1. Record Nr.	UNINA9910964172203321
Autore	Lucio Steven
Titolo	Biosimilars and Biologics : Implementation and Monitoring in a Health Care Setting
Pubbl/distr/stampa	Bethesda : , : American Society of Health-System Pharmacists, , 2018 ©2018
ISBN	1-58528-581-1
Edizione	[1st ed.]
Descrizione fisica	1 online resource (192 pages)
Disciplina	615.1/9
Soggetti	Biosimilar Pharmaceuticals Drug Compounding Drug Monitoring
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	A new type of blockbuster : the growth of biologics -- Deja vu or something new? : comparing the generics and biosimilars experiences -- Bugs and drugs, and yeast and mice, and Chinese hamsters -- The \$250 billion pyramid : analytics in biosimilarity determination -- The global biosimilars experience -- The American biosimilar experience : red, white, and possibly interchangeable -- Biosimilar clinical trial requirements -- Immunogenicity and pharmacovigilance in the biosimilar era -- The patent dance and the exclusivity shuffle -- Defining biosimilar value and other impossible tasks -- Biosimilar formulary management strategies.
Sommario/riassunto	Among the most anticipated and discussed segments of the pharmaceutical market, biosimilars are finally beginning to exert a greater impact on practice. ASHP's Biosimilars & Biologics: Implementation and Monitoring in a Healthcare Setting is an authoritative, evidence-based resource that provides an in-depth perspective on all areas related to these innovative drugs.
