| Pubbl/distr/stampa | London : , : IntechOpen, , 2022 |
| ISBN | 1-80355-688-9 |
| Descrizione fisica | 1 online resource (140 pages) |
| Disciplina | 628.532 |
| Soggetti | Carbon sequestration |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Nota di contenuto | 1. Carbon Capture, Use and Storage (CCUS) as Enhanced Oil Recovery (EOR): Llanos Orientales Basin (Colombia) -- 2. Carbon Sequestration by Eucalypts in Florida, USA: Management Options Including Biochar and Associated Economics -- 3. Regenerating Soil Microbiome: Balancing Microbial CO2 Sequestration and Emission -- 4. Soil Solution Chemistry in Different Land-Use Systems in the Northeast Brazilian Amazon -- 5. CO2 Injectivity in Deep Saline Formations: The Impact of Salt Precipitation and Fines Mobilization -- 6. Geomechanics of Geological Carbon Sequestration. |
| Sommario/riassunto | Global climate change is intensifying and is increasingly recognized as a major challenge that requires an urgent response from scientists and other communities. Reducing the emission of greenhouse gases, especially carbon dioxide, is an essential process to mitigate climate change. This book addresses the latest carbon management approaches that will combat the increasing levels of carbon dioxide in the atmosphere. It provides a comprehensive review of the physical, chemical, and biological processes of carbon sequestration. Chapters discuss carbon capture, storage, utilization, and chemistry, as well as the geomechanical aspects of carbon sequestration. |

Advertising Texts: A Statistical and Linguistic Analysis -- Measuring Public Satisfaction with Service Quality: Customer-Oriented Approach -- AI-Related Public Discourse Analysis via Emotion and Topic Modeling in Telegram Conversations -- What Officials Talk About? Extracting Topics from Russian Civil Servants' Interviews with LDA and NMF -- Do LLMs Understand Why We Write Diaries? A Method for Purpose Extraction and Clustering -- Dialog Flow Analytics Toolkit for a Contact Center Platform -- Emotion-Sentiment Profiling of Customer Feedback through Cluster-Driven Analysis -- An Experimental Study of Automating Explanatory Dictionary Compilation with Language Models -- The Influence of Language Typological Features on Neural Summarization Performance -- Word Sense Disambiguation in Russian: A Generative LLM Approach.-Russian Neural Morpheme Segmentation: From Lemmata to Wordforms -- TL;DR: Text Normalization for Social Media Corpus.-Creating a Dataset for Automatic Detection of Vague Expressions in Russian Legal Texts. Cyberpsychology & Post-AI Education: Digital Pedagogy: Current State, Development Patterns, Prospects.-Understanding Player Experience: EyeTracking Insights into Cognitive Behaviour in Video Games -- Cognitive Complexity of User Inquiries in Digital Environments: Impact on Operator Response Quality -- Using Self-Created Video Tutorials to Enhance Self Regulated Learning Strategies for Adaptive Digital Language Learning -- AI-Enhanced Psychopedagogy for Esports Athletes: A Global Approach to Education, Well-Being, and Competitive Success. Digital Transformation in Governance and Society: From "Disabilities" to "Additional Needs": Digital Transformation and the Changing Disability Paradigm -- Digital Infrastructure for Psychological Counseling Services in Higher Education: Opportunities and Prospects -- Determinants of Attitudes Toward COVID-19 Vaccination: A Survey-Based Analysis -- Accepting Artificial Intelligence at the Individual Level: Empirical Evidence from Russian Market -- Russian Portals of E-Participation on the Example of Solving the Ecological Problem of Invasive Plants in St. Petersburg and Leningrad Region.-Network Strategies of Tuareg Separatists: Media Communications of the Azawad Liberation Front on X -- How to Evaluate the Social Impact of Digital Urban Services? Testing the Methodology (Evidence from St. Petersburg) -- User Dysfunctionality and Its Conditions in Online Completion of Typical Tasks -- Metaverses and Public Policy: Prospects for Virtual Civic Participation -- Peculiarities of Regulation and Functioning of Social Rating Systems of Russian Companies.

Sommario/riassunto

This two-set volume CCIS 2671 and 2672 book constitutes the proceedings of the 28th International Conference on Internet and Modern Society, IMS 2025, held in St. Petersburg, Russia, during June 23–25, 2025. The 44 full papers and 12 short papers included in these conference proceedings were carefully reviewed and selected from 135 submissions. They are categorized into the following topical sections: Part I: Computational Linguistics & Machine Learning (CompLing); Cyberpsychology & Post-AI Education (PsyAI); Digital Transformation in Governance and Society (DTGS). Part II: Art and Innovation in Museums (AIMs); Interactive Systems & Information Society Technologies (InterSys).

Sovereignty and Power in Zionist Debate during the Mandate Period -- 10. Reacting to Arab Terror -- 11. Halakha and Morality in Religious Zionism after the Six-Day War -- 12. Persecuted or Persecutor? -- 13. Challenging the Zionist Ethos -- Conclusion -- Notes -- References -- Index |
| Sommario/riassunto | By regaining for the Jewish people the capacity to deploy force, Zionism |

posed moral dilemmas for the Jews that for many generations, living in exile, they had not had to confront. The return to full political life and the use of military force involved a profound revolution in the Jewish identity and aroused deep and painful misgivings. This thought-provoking book examines how the forging of a new moral stance on the use of force has affected Jewish identity in the Land of Israel and throughout the world. Drawing on historiography, philosophy, social commentary, ideological tracts, and belles lettres, Ehud Luz explores the ways that Zionist attitudes toward sovereignty were shaped by their Judaic heritage, in particular the prophetic literature and the halakhic (legal) tradition, which stressed the sanctity of human life and the strict prohibition against the shedding of innocent blood. Luz argues that despite secularization, Jewish tradition continues to influence the political life and national ethos of the Jews, and that the Jewish religious tradition is an important, sometimes even decisive factor in the way that political and cultural issues in Israel are resolved.
