

1. Record Nr.	UNINA9910964220503321
Autore	Rangell Leo
Titolo	Music in the head : living at the brain-mind border // by Leo Rangell
Pubbl/distr/stampa	London, : Karnac Books, 2009 Boca Raton, FL : , : Routledge, an imprint of Taylor and Francis, , [2018] ©2009
ISBN	0-429-91641-8 0-429-90218-2 0-429-47741-4 1-282-90084-6 9786612900846 1-84940-692-8
Edizione	[First edition.]
Descrizione fisica	1 online resource (134 p.)
Disciplina	150.195
Soggetti	Psychoanalysis Neurosciences Auditory hallucinations
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 91-93).
Nota di contenuto	Cover; Copy Right; FOREWORD; INTRODUCTION; CHAPTER ONE: Background to an event; CHAPTER TWO: The sound of music; CHAPTER THREE: An early look around; CHAPTER FOUR: A decade later; CHAPTER FIVE: The science; CHAPTER SIX: Looking back; REFERENCES
Sommario/riassunto	'We are starting to see a rapprochement between psychoanalysis and neuroscience such as Freud could only dream of. Pay dirt will be found at the brain-mind border. One can now perhaps hope to have an analysis of release hallucinations, equally rooted in neurology and psychiatry, in biology and biography. It is such a synthesis which the author, one of our most distinguished psychoanalysts, attempts here. As both subject and observer, the author, trained in neurology and psychoanalysis, approaches his material with modesty and restraint, acutely aware of the dangers of over-inference and premature theorizing. And he does so in a style that is easy, unguarded, free of

jargon, almost conversational.' - Oliver Sacks, from the Foreword.
