Sommario/riassunto	Alternative systems of medicine (Ayurveda, Siddha, Homoeopathy, Traditional Chinese Medicine and Western Medcila Herbalism) utilizes medicinal plants for formulations. The present work is aimed at documentation of chemical composition, medicinal use and modern investigative work on medicinal plants. As the name of the title suggests, the work includes rare medicinal plants used globally in medicine. As research is being done on medicinal plants, more and more phytochemicals are being discovered. On basis of this, traditional uses of medicinal plants are being confirmed. The work will be a valua

Sommario/riassunto

This book is a major contribution to the comparative histories of crime and criminal justice, focusing on the legal regimes of the British empire during the nineteenth and early twentieth centuries. Its overarching theme is the transformation and convergence of criminal justice systems during a period that saw a broad shift from legal pluralism to the hegemony of state law in the European world and beyond.
