Sommario/riassunto	During the 1990s, Naples' left-wing administration sought to tackle the city's infamous reputation of being poor, crime-ridden, chaotic and dirty by reclaiming the city's cultural and architectural heritage. This book examines the conflicts surrounding the reimagining and reordering of the city's historic centre through detailed case studies of two piazzas and a centro sociale, focusing on a series of issues that include decorum, security, pedestrianization, tourism, immigration and new forms of urban protest. This monograph is the first in-depth study of the complex transformations of one of Eu
