

1. Record Nr.	UNINA9910964640103321
Titolo	Material meanings : critical approaches to the interpretation of material culture // edited by Elizabeth S. Chilton
Pubbl/distr/stampa	Salt Lake City, : University of Utah Press, c1999
ISBN	1-60781-807-8
Descrizione fisica	1 online resource (ix, 179 pages) : illustrations, maps
Collana	Foundations of archaeological inquiry
Altri autori (Persone)	ChiltonElizabeth S
Disciplina	930.1
Soggetti	Ethnoarchaeology Social archaeology Material culture Ceramics - Analysis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Papers originally presented at the 1996 meeting of the Society for American Archaeology held in New Orleans, La.
Nota di bibliografia	Includes bibliographical references (p. 142-174) and index.
Sommario/riassunto	An indispensable resource for selecting a destination and planning a trip in the High Uintas. High Uinta Wilderness--three emotion-charged words that describe a very precious place. The highest mountains, the unique alpine ecosystem, and the largest designated Wilderness in Utah are all found here. This is a complete rewriting of the original High Uinta Trails, first published in 1974. Access road and land management information has been expanded, new areas and routes have been added, and trail conditions have been completely updated. The descriptions of the trails, lakes, ridges, and summits are an indispensable resource for selecting a destination and planning a trip but there are still plenty of undocumented places in the Uintas to explore.
