ISBN	9786610538096 9781280538094 1280538090 9781846422089 1846422086 9781417553716 1417553715
Edizione	[1st ed.]
Descrizione fisica	1 online resource (106 pages)
Disciplina	618.928553
Soggetti	Cognition disorders in children Dyslexia - Treatment Dyslexia
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	""Introduction""; ""WHAT ARE DYSLEXIA AND DYSCALCULIA?""; ""IDENTIFYING DYSLEXIA""; ""WHAT CAUSES DYSLEXIA?""; ""VISION""; ""HEARING""; ""DEVELOPMENT""; ""CHIROPRACTIC AND DYSLEXIA""; ""VTAMINS AND MINERALS""; ""MULTI-SENSORY TEACHING METHODS""; ""CAN COMPUTERS HELP?""; ""NEURO-LINGUISTIC PROGRAMMING""; ""PHONO-GRAPHIX""; ""THE VALUE OF PLAY""; ""Conclusion""; ""Useful Addresses""; ""The Contributors""; ""Index""
Sommario/riassunto	Over the years, many quick fix approaches to cure dyslexia have been developed and used. These 'miracle cures' have offered hope to many parents who are left disillusioned by the school system and health service. With no other way to turn, many parents spend more and more money on special glasses, vitamins, exercises and specialist advice, but do they actually work? Written by a parent of two dyslexic sons, who herself searched for anything that would 'cure' them, this new book is a practical guide to dyslexia's many 'miracle cures'. Practical Strategies

for Living with Dyslexia suggests that early identification of this condition may be the key. Dyslexia is often not diagnosed until children have started school, yet testing is now available from the age of four-and-a-half years. On top of this many dyslexics also have eye and ear problems that go undetected, which further exacerbates the problem. Looking at the possible remedies available, such as tinted glasses, nutritional supplements and exercising, and considering the benefits of early identification of dyslexia, this book will be an essential practical resource for both the parents of, and the professionals who work, with people with dyslexia.
