

1. Record Nr.	UNINA9910964936603321
Titolo	AWWA wastewater operator field guide / / compiled by AWWA staff members, John M. Stubbart ... [et al.]
Pubbl/distr/stampa	Denver, Colo., : American Water Works Association, c2006
ISBN	1-61300-057-X 1-61583-768-X
Edizione	[1st ed.]
Descrizione fisica	1 online resource (452 p.)
Altri autori (Persone)	StubbartJohn M
Disciplina	628.3
Soggetti	Sewage disposal plants Water treatment plants Water - Purification
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index. "Science and technology."
Nota di contenuto	""Contents""; ""Preface""; ""Basic Math""; ""Units of Measure and Conversions""; ""Chemistry""; ""Safety""; ""Collection""; ""Pumps""; ""Flow""; ""Wastewater Treatment""; ""Biosolids""; ""Discharge and Disinfection""; ""Abbreviations and Acronyms""; ""Glossary""; ""Index""
Sommario/riassunto	This handy field reference contains all the information, charts, graphs, formulas, and definitions that are needed by wastewater system operators in performing their daily duties. This guide compiles information from wastewater operations manuals, handbooks, standards, and many other information sources. Major sections include math, conversion factors, chemistry, safety, collection, pumps and motors, flow, wastewater treatment, biosolids, discharge, disinfection, abbreviations, and acronyms. Information is grouped based on how it would be used by the operator. Thus, all the information you need relating to pumps will be found in its own chapter and all information on biosolids in another. The guide's small size (4-1/4 in. x 7-1/4 in.) and sturdy cover means you can throw it in your truck and go Low price means every operator can have a personal copy.
