Sommariorassunto

The two-volume set LNCS 12726 + 12727 constitutes the proceedings of the 19th International Conference on Applied Cryptography and Network Security, ACNS 2021, which took place virtually during June 21-24, 2021. The 37 full papers presented in the proceedings were carefully reviewed and selected from a total of 186 submissions. They were organized in topical sections as follows: Part I: Cryptographic protocols; secure and fair protocols; cryptocurrency and smart contracts; digital signatures; embedded system security; lattice cryptography; Part II: Analysis of applied systems; secure computations; cryptanalysis; system security; and cryptography and its applications.

Sommariorassunto

First published in 2002. This is the final Volume IV of the five G. Wilson Knight collected works series and focuses on Shakespeare as the Poet of Royalism together with related essays and indexes to earlier volumes. The emphasis in this volume is the shift from Shakespeare as

the poet of England to Shakespeare as the poet of royalism, in a wide sense.
