Sommario/riassunto

When it was originally published this volume was the first comprehensive survey of the experience of Islamic banking throughout the Muslim world in Turkey, Egypt, Kuwait, Jordan, Sudan, Iran, Pakistan and Saudi Arabia. Drawing comparisons between the countries in economic terms, it shows that the success of Islamic banks to a large extent reflects the immediate political environment. The complete Islamization of the financial systems of the more fundamentalist countries of Iran and Pakistan is compared with the divide between conventional interest-based systems and the new Islamic banks in
