Sommario/riassunto	This is the first comprehensive guide to setting up, operating, and practicing in a convenient care clinic. The book addresses all key medical and operational considerations pertaining to running these local retail health clinics that are rapidly proliferating in pharmacies, supermarkets, airports, and other locations throughout the U.S. The text describes the philosophy underlying retail care, its history and growth, and the parameters of its services. Pros and cons of different operational models are discussed. The book addresses the top 20 medical conditions likely to be seen in a retail cl
