

1. Record Nr.	UNINA9910965594903321
Titolo	Airborne geophysics and precise positioning : scientific issues and future directions // Committee on Geodesy, Board on Earth Sciences and Resources, Commission on Geosciences, Environment, and Resources, National Research Council
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, 1995
ISBN	9780309587556 0309587557 9780585143194 0585143196
Edizione	[1st ed.]
Descrizione fisica	1 online resource (128 p.)
Disciplina	550
Soggetti	Geophysics - Remote sensing Earth sciences - Remote sensing Aeronautics in geodesy Aeronautics in earth sciences
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Report based on information presented at the Workshop on Airborne Geophysics, held on July 12-14, 1993, in Washington, D.C.
Nota di bibliografia	Includes bibliographical references (p. 105-111).

## Sommario/riassunto

The Global Positioning System, with its capability for both precisely positioning and navigating an aircraft, has created new scientific opportunities for studying the earth. This book examines the state of the art in airborne geophysics as integrated with new precise positioning systems, and it outlines the scientific goals of focused effort in airborne geophysics, including advances in our understanding of solid earth processes, global climate change, the environment, and resources.

Edizione	[1st ed.]
Descrizione fisica	1 online resource (299 p.)
Collana	Routledge studies in extremism and democracy
Disciplina	322.4/2/0973
Soggetti	Radicalism - United States Right-wing extremists - United States Terrorism - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [207]-276) and index.
Nota di contenuto	Book Cover; Title; Contents; List of tables; Series editors' preface; Acknowledgements; Introduction; Who are the watchdogs?; Overview of the contemporary American far right; The far right and terrorism; The US government's response to right-wing extremism; The watchdogs' response to the far right; Conclusion; Notes; Bibliography; Index
Sommario/riassunto	This book examines the response to right-wing extremism in the US from both the government and non-governmental organisations. It provides a detailed portrait of the contemporary extreme right in the US including interviews with several of the movement's leading figures from groups such as the Ku Klux Klan, Militias, American Renaissance and the White Aryan Resistance. The author also explains how the activities of these racist groups have been curbed due to the campaigning efforts of anti-racist and anti-fascist watchdogs who have helped to shape and influence government policy.
