Sommario/riassunto

This volume is a collection of 30 papers on the broad subject of the Scandinavian expansion westwards to Britain, Ireland and the North Atlantic, with a particular emphasis on settlement. The volume has been prepared in tribute to the work of Barbara E. Crawford on this subject, and to celebrate the twentieth anniversary of the publication of her seminal book, *Scandinavian Scotland*. Reflecting Dr Crawford's interests, the papers cover a range of disciplines, and are arranged into four main sections: History and Cultural Contacts; The Church and the Cult of Saints; Archaeology, Material Culture and Settlement; Place-Names and Language. The combination provides a variety of new perspectives both on the Viking expansion and on Scandinavia's continued contacts across the North Sea in the post-Viking period. Contributors include: Lesley Abrams, Haki Antonsson, Beverley Ballin Smith, James Barrett, Paul Bibire, Nicholas Brooks, Dauvit Broun, Margaret Cormac, Neil Curtis, Clare Downham, Gillian Fellows-Jensen, Ian Fisher, Katherine Forsyth, Peder Gammeltoft, Sarah Jane Gibbon, Mark Hall, Hans Emil Liden, Christopher Lowe, Joanne McKenzie, Christopher Morris, Elizabeth Okasha, Elizabeth Ridel, Liv Schei, Jón Viðar Sigurðsson, Brian Smith, Steffen Stummann Hansen, Frans Arne Stylegård, Simon Taylor, William Thomson, Gareth Williams, Doreen Waugh and Alex Woolf.

Sommario/riassunto	Child Protection and Child Welfare draws on the knowledge of child protection experts and social care professionals to provide an authoritative international overview of child protection strategy and policy. Devoting particular attention to the role played by culture in determining child welfare issues and child protection responses, this book illustrates the impact of both long-term influences, such as the legacy of the caste system in India, and more recent global events, such as the development of international trade in Ghana and shrinking budgets in Italy on national approaches to supporting families and children. The international perspective aims to enhance our understanding of the range of possible approaches, encouraging researchers, policymakers and practitioners to think critically about current models, and providing insights for developing practice. This important book will be essential reading for social workers, policy makers, child protection service workers, commissioners and managers across child and family welfare services, as well as researchers and academics in the field.
