Descrizione fisica	1 online resource (96 p.)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>Every emotion of the heart is reflected in the Psalms with words that express our deepest and strongest feelings. They provide comfort and joy, leading us to the place where worship flows. This poetry on fire is divided into five books, mirroring the Five Books of Moses that form the first few books of the Old Testament. Together they convey the depth of our longing and fears, joys and celebration, becoming a mirror to the heart of God's people in our quest to experience God's presence. Book One of the Psalms is the Genesis Psalms, composed of poems and songs of man and creation. They explore the splendor of our world, in all of its glory and grandeur; the way of righteousness versus the way of the wicked; and the glory and honor of mankind. You will discover more of who our Creator is as our Best Friend, Good Shepherd, and Mighty One. There are songs of praise for God's goodness and glory; there are songs of lament for man's wickedness and injustice. And finally, the prayers reflecting human frailty: the ones for healing and help; protection and provision; trouble and thanksgiving. We have designed this study to help you explore these praises and prayers placed inside poems that spill out of a fiery, passionate heart. May this study of poetry on fire free you to become a passionate, sincere worshipper, and experience the heart of God anew in faith and worship.</p>

Soggetti	Faith and reason Faith Religion - Philosophy
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. 165-169) and index.
Nota di contenuto	Initial sketch of a concept of faith -- Facets of faith -- Faith and knowledge -- Faith and scientific knowledge -- Faith and morality -- Secular forms of faith -- Crises of faith -- My personal journey of faith.
Sommario/riassunto	Few words are as widely misconceived as the word "faith." Faith is often set in stark opposition to reason, considered antithetical to scientific thought, and heavily identified with religion. Donald Crosby's revealing book provides a more complex picture, discussing faith and its connection to the whole of human life and human knowledge. Crosby writes about that existential faith that underlies, shapes, and supports a person's life and its sense of purpose and direction. Such faith does not make a person religious and being secular does not mean one rejects all forms of faith. Throughout the book Crosby makes the case that faith is fundamentally involved in all processes of reasoning and that reason is an essential part of all dependable forms of faith. Crosby elaborates the major components of faith and goes on to look at the mutually dependent relationships between faith and knowledge, faith and scientific knowledge, and faith and morality. The work's final chapters examine crises of faith among several noted thinkers as well

as the author's own journey of faith from plans for the ministry to
pastor to secular philosopher and religious naturalist.
