Nota di contenuto	Habits of the mind : thinking in red and blue -- America's religious roots -- A new paradigm -- Conflict and change -- The culture war considered -- The usual suspects -- Religion, wealth, and poverty -- Religion, science, and the environment -- Sin and crime -- God and country, us and them -- Living together.
Sommario/riassunto	Americans increasingly think in terms of red and blue. God and Country examines the religious roots of these cultural divisions in American political life. But instead of pitting a "people of faith" against a "secular humanist elite," God and Country helps Americans understand the religious differences that divide us, appreciate the public agreements that allow us to live with religious differences, evaluate how existing democratic processes alleviate divisions, and identify ways Americans can agree to disagree.
