Sommario/riassunto	A carefully selected collection of essays by the most renowned specialist in terminology in France, now published in English. The chapters deal with the origins of terminology, theoretical issues, social aspects, neologisms and evolution, lexicology and lexicography, applied issues, description and control, standardization and terminology in Le Grand Robert. It contains the revised and translated

chapters of Rey's famous *La Terminologie - noms et notions* and other recent articles in English. This book is essential reading for terminology theorists and practitioners and wil
