Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	Following a 1932 coup d'etat in Thailand that ended absolute monarchy and established a constitution, the Thai state that emerged has suppressed political dissent through detention, torture, forced reeducation, disappearances, assassinations, and massacres. In Plain Sight shows how these abuses, both hidden and occurring in public view, have become institutionalized through a chronic failure to hold perpetrators accountable. Tyrell Haberkorn's deeply researched revisionist history of modern Thailand highlights the legal, political, and social mechanisms that have produced such impunity and documents continual and courageous challenges to state domination.
