Sommario/riassunto

This panoramic history of African Americans in colonial America ranges from the Seven Years' War to the election of Jefferson in 1800. Egerton pays special attention to what black Americans did for themselves in these decades, and his narrative brims with compelling portraits of forgotten African American activists and rebels, who battled huge odds and succeeded in finding liberty--if never equality--only in northern states. Egerton concludes that despite the real possibility of peaceful, if gradual, emancipation, the Founders ultimately lacked the courage to end slavery.
