Sommario/riassunto

Is the role of the sports coach simply to improve sporting performance? What are the key ethical issues in sports coaching practice? Despite the increasing sophistication of our understanding of the player-sport-coach relationship, the dominant perspective of the sports coach is still an instrumental one, focused almost exclusively on performance, achievement and competitive success. In this ground-breaking new book, leading sport scholars challenge that view, arguing that the coaching process is an inherently moral one with an in
