Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	pt. 1. The Psalms = Psaumes -- pt. 2. The gospels = Evangiles.
Sommario/riassunto	Recent research on the text of the Psalms and Gospels in Greek and in certain versions, principally Coptic, Georgian and Armenian, reveals common characteristics when attempting to separate later editions of a text from its earliest forms. The essays in this collection give concrete examples of the issues involved and suggested explanations for textual changes. Les versions anciennes de la Bible ont un intérêt majeur dans la mesure où elles traduisent un modèle qui n'est pas celui des traductions modernes et conservent ainsi des formes textuelles disparues, souvent très anciennes. C'est en particulier le cas des versions géorgiennes, pour lesquelles des convergences sont apparues entre les recherches menées à Tbilisi et dans diverses équipes européennes. Centré sur les psaumes et les évangiles, le colloque a réuni des communications concernant diverses langues de versions anciennes, en particulier le géorgien, mais aussi le copte, le syriaque, l'arménien et l'albanien du Caucase, à partir du grec de la Septante et du Nouveau Testament.

3. Record Nr.	UNINA9910968745103321

Sommario/riassunto	What do Dexter King, Condoleeza Rice, Mackenzie King, Corazon Aquino, Eleanor Roosevelt, Bill Cosby, Tony Dungy, Theodore Roosevelt, George H. W. and Barbara Bush, Caroline Kennedy, Arthur

Ashe, Lady Bird Johnson, Colin Powell and C. S. Lewis have in common? They all have significant grief experiences that have shaped their lives in dramatic ways, stories that have also shaped our lives. Grieving individuals, through "borrowing narratives," look for inspiration in biographic, historical and memoir accounts of political and religious leaders, celebrities, sports figures, and cultura
