Sommario/riassunto	By all accounts, the most important document for studying history, literature, and culture of Hispanics in the United States has been Spanish-language newspapers. Now, a noted cultural historian and a respected indexer-bibliographer have teamed up to provide the first comprehensive and authoritative source on the production, worldview, and distribution of these periodicals. This useful compendium includes richly annotated entries, notes, and three indexes: by subject, by date, and by geography. The bibliography includes some 1,700 entries in standard bibliographic annotation
