Economic and Policy Rationales for Workforce Intermediaries; IV. Customer Voices; V. Building Workforce Intermediaries; VI. Conclusion; Appendix; About the Contributors; Acknowledgments; Index
Sommario/riassunto	Confronted with businesses facing a long-term shortage of skilled workers and evaluations showing that job training for the poor over the past 25 years had produced only meager results, a number of groups throughout the country have sought to find a more effective approach. The efforts of these partnerships, which editor Robert Giloth calls ""workforce intermediaries,"" are characterized by a focus on improving business productivity and helping low-income individuals not just find a job, but advance over time to jobs that enable them to support themselves and their families. This book takes st

Sommario/riassunto	"This book analyses key theoretical influences on Indian culture in a business context. It shows the interactions between indigenous culture and workplace ethics which is increasingly being populated by

multinational corporations. It discusses how the Indian workplace has evolved over time as well as retained some managerial practices dating back to the classical traditions of ancient India. It further demonstrates the changes brought about by globalisation, especially through information technology and business process outsourcing industries."
