Livello bibliografico	Monografia
Note generali	Previously issued in print: 2019.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Frontmatter -- Contents -- Acknowledgments -- Introduction: A Troubling Pattern -- 1. Kosovo: Not Perfect, but Tolerable -- 2. Afghanistan: A Road to Incoherence -- 3. Iraq: The Worst of All Worlds -- 4. Libya: A Slippery Slope -- Conclusion: To Learn or Not to Learn -- Note on Sources -- Further Reading -- Notes -- Bibliography -- Index
Sommario/riassunto	Since 9/11, why have we won smashing battlefield victories only to botch nearly everything that comes next? In the opening phases of war in Afghanistan, Iraq, and Libya, we mopped the floor with our enemies. But in short order, things went horribly wrong. We soon discovered we had no coherent plan to manage the "day after." The ensuing debacles had truly staggering consequences-many thousands of lives lost,

trillions of dollars squandered, and the apparent discrediting of our foreign policy establishment. This helped set the stage for an extraordinary historical moment in which America's role in the world, along with our commitment to democracy at home and abroad, have become subject to growing doubt. With the benefit of hindsight, can we discern what went wrong? Why have we had such great difficulty planning for the aftermath of war? In *The Day After*, Brendan Gallagher—an Army lieutenant colonel with multiple combat tours to Iraq and Afghanistan, and a Princeton Ph.D.—seeks to tackle this vital question. Gallagher argues there is a tension between our desire to create a new democracy and our competing desire to pull out as soon as possible. Our leaders often strive to accomplish both to keep everyone happy. But by avoiding the tough underlying decisions, it fosters an incoherent strategy. This makes chaos more likely. *The Day After* draws on new interviews with dozens of civilian and military officials, ranging from US cabinet secretaries to four-star generals. It also sheds light on how, in Kosovo, we lowered our postwar aims to quietly achieve a surprising partial success. Striking at the heart of what went wrong in our recent wars, and what we should do about it, Gallagher asks whether we will learn from our mistakes, or provoke even more disasters? Human lives, money, elections, and America's place in the world may hinge on the answer.
