The Problem of Predication -- 5. Failed Attempts -- 6. Truth and Predication -- 7. A Solution -- Bibliography -- Index
Sommario/riassunto	Anchored in classical philosophy, this book nonetheless makes telling use of the work of a great number of modern philosophers from Tarski and Dewey to Quine and Rorty. Representing the very best of Western thought, it reopens the most difficult and pressing of ancient philosophical problems, and reveals them to be very much of our day.
