	Sommario/riassunto	Ten years after his death, Vilem Flusser's reputation as one of Europe's most original modern philosophers continues to grow. Increasingly influential in Europe and Latin America, the Prague-born intellectual's thought has until now remained largely unknown in the English-speaking world. His innovative writings theorize-and ultimately embrace-the epochal shift that humanity is undergoing from what he termed ""linear thinking"" (based on writing) toward a new form of multidimensional, visual thinking embodied by digital culture. For Flusser, these new modes and technologies of communicatio
