Sommario/riassunto	This book investigates the options, the debates and the ensuing policies of the fledgling Russian government. It examines the evolution of policy from the collapse of the Soviet Union in December 1991 until the Presidential elections in June 1996. Analysing Russia's actions in the context of contemporary foreign policy theory, Nicole J. Jackson discusses and compares three key conflicts: the separatist war between Moldova and Transdnistria; the separatist war between Georgia and Abkhazia and the civil war in Tajikistan. It will be of interest to students
