Sommario/riassunto	Sex, Drugs, and Death: Addressing Youth Problems in American Society explores how youth lifestyles, identity pursuits, behaviors and activities produce a wide range of social problems in contemporary society. The book focuses on the interconnections between three of the most significant youth issues: sexuality, substance use and suicide. The book pays special attention to the unique pursuits of young people and the locations in which they interact, including virtual places like Facebook and more actual ones such as high school, college, and nightclubs. Patterns among females and ma
