Sommario/riassunto	The present book contains a transcribed version of the lectures given by Professor Zoltán Kövecses in November 2010 as one of the three forum speakers for the 8th China International Forum on Cognitive Linguistics . The topics presented in this book deal with the language and conceptualization of emotions, cross-cultural variation in metaphor, metaphor and metonymy in discourse, and the issue of the relationship between language, mind, and culture from a cognitive linguistic perspective.
