

1. Record Nr.	UNINA9910966855603321
Autore	JapanManagementAssociation
Titolo	Kanban Just-in Time at Toyota : Management Begins at the Workplace / / JapanManagementAssociation
Pubbl/distr/stampa	London : , : Taylor and Francis, , 2017
ISBN	1-351-43619-8 0-203-74971-5 1-351-43618-X
Edizione	[First edition.]
Descrizione fisica	1 online resource (161 pages) : illustrations
Collana	Variorum Collected Studies
Disciplina	658.5/6
Soggetti	Production control Just-in-time systems
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Chapter 1 The Source of Profit is in the Manufacturing Process / Norman Bodek -- chapter 2 Basic Assumptions Behind the Toyota Production System / Norman Bodek -- chapter 3 Leveling -- Smoothing Out the Production System / Norman Bodek -- chapter 4 Just-In-Time and Automation / Norman Bodek -- chapter 5 Workplace Control Through the Kanban System / Norman Bodek -- chapter 6 Reality of Workplace-Determined Standard Operations / Norman Bodek -- chapter 7 Improvement Activities for Man-Hour Reduction / Norman Bodek -- chapter 8 Producing High Quality with Safety / Norman Bodek.
Sommario/riassunto	"Toyota's world-renowned success proves that just-in-time (JIT) makes other manufacturing practices obsolete. This simple but powerful book is based on the seminars given by Taiichi Ohno and other senior production staff to introduce Toyota's own supplier companies to JIT. It teaches the philosophy and implementation of what many call the most efficient production system in the world. Provides a clear structure for an introductory JIT training program. Explains every aspect of the JIT system, including how to set it up and how to refine it once it's in place. Shows how to use a simple visual system to control the production process. Every day more American companies are learning

that JIT works outside Japan. Now you can get started with this step-by-step book which guides you through the implementation process. Every engineer, manager, supervisor, and worker should read this book to get the clearest, simplest, and most complete introduction to JIT available in English. Results at American companies after reading this book: Lead-time on one product was reduced from 12 weeks to 4 days. Setup time on a large blanking press was reduced from eight hours to one minute and four seconds. Work-in-process has been reduced 50 percent plant-wide. Factory floor space was opened up 30 to 40 percent in every one of their plants."--Provided by publisher.
