

1. Record Nr.	UNINA9910782239803321
Autore	Rudman Dominic
Titolo	Determinism in the book of Ecclesiastes [[electronic resource] /] / Dominic Rudman
Pubbl/distr/stampa	Sheffield, England, : Sheffield Academic Press, c2001
ISBN	1-281-84166-8 9786611841669 0-567-21563-6
Descrizione fisica	1 online resource (233 p.)
Collana	Journal for the study of the Old Testament. Supplement series ; ; 316
Disciplina	223/.806
Soggetti	Free will and determinism
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Based on author's thesis (Ph. D.)--University of St. Andrews, 1997.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	Contents; Preface; Abbreviations; Chapter 1 ECCLESIASTES AND ITS HELLENISTIC CONTEXT; Chapter 2 QOHELETH AND FATE; Chapter 3 'TO EVERYTHING THERE IS A SEASON': THE DETERMINATION OF THE COSMOS AND HUMANITY IN ECCLESIASTES 1.3-8; Chapter 4 'A TIME TO GIVE BIRTH, A TIME TO DIE': A REREADING OF ECCLESIASTES 3.1-15; Chapter 5 'A TIME TO LOVE, A TIME TO HATE': THE DIVINE DETERMINATION OF EMOTION IN ECCLESIASTES; Chapter 6 'A TIME TO WEEP, A TIME TO LAUGH': QOHELETH AND HUMAN JOY; Chapter 7 QOHELETH AND THE PROBLEM OF FREE WILL; Chapter 8 DETERMINISM IN EARLY JEWISH LITERATURE Chapter 9 QOHELETH AND STOIC DETERMINISMChapter 10 CONCLUSION; Bibliography; Index of References; Index of Modern Authors
Sommario/riassunto	Is the author of Ecclesiastes a determinist? Many readers, from the Targumist and Ibn Ezra up to the present day, have thought so. But there has been no systematic investigation of Qoheleth's determinism, its nature and extent, its relationship to free will and its philosophical background. In separate chapters, Rudman discusses key terms and texts that express a deterministic worldview, then explores the sources for Qoheleth's thought. He concludes that the author was a sage writing in the third quarter of the third century BCE, who was profoundly influenced by Stoic ideas.

2. Record Nr.	UNINA9910967188503321
Autore	Parker Geoffrey <1933->

Sommario/riassunto

Revolutions, droughts, famines, invasions, wars, regicides, government collapses-the calamities of the mid-seventeenth century were unprecedented in both frequency and extent. The effects of what historians call the "General Crisis"; extended from England to Japan, from the Russian Empire to sub-Saharan Africa. The Americas, too, did not escape the turbulence of the time. In this meticulously researched volume, master historian Geoffrey Parker presents the firsthand testimony of men and women who saw and suffered from the sequence of political, economic, and social crises between 1618 to the late 1680's. Parker also deploys the scientific evidence of climate change during this period. His discoveries revise entirely our understanding of the General Crisis: changes in prevailing weather patterns, especially longer winters and cooler and wetter summers, disrupted growing seasons and destroyed harvests. This in turn brought hunger, malnutrition, and disease; and as material conditions worsened, wars, rebellions, and revolutions rocked the world. Parker's demonstration of the link between climate change, war, and catastrophe 350 years ago stands as an extraordinary historical achievement. And the implications of his study are equally important: are we adequately prepared-or even preparing-for the catastrophes that climate change brings?
