Sommario/riassunto	Extrait : ""Une des caracteristiques de cette guerre, sans precedent dans l'histoire, c'est son caractere d'extension mondiale. L'attaque, sous le pretexte de l'affaire de Serbie, etait primitivement et uniquement dirigee contre la France, et nos ferores ennemis escomptaient un prompt ecrasement de notre beau pays pour se retourner ensuite contre la Russie et en avoir aussi facilement raison.""

2. Record Nr.	UNINA9910967360403321
Autore	Houck Max M
Titolo	Fundamentals of forensic science / / Max Houck, Jay Siegel
Pubbl/distr/stampa	Amsterdam ; ; Boston, : Elsevier/Academic Press, c2006

Sommario/riassunto	Unlike other introductory textbooks on the topic, Fundamentals of Forensic Science presents a complete look at the forensic sciences, emphasizing the biology, chemistry, and physical sciences that underpin forensic science. By covering the principles that are central to forensic science, and by discussing topics that are typically excluded from generalized discussions of "criminalistics," this book provides a depth and breadth of information that no other textbook contains. Written by two of the leading experts in forensic science today, Fundamentals of Forensic Science appro
