## Sommario/riassunto

This rigorous survey and companion volume to *Coping with Globalization*, focuses on the political, ideological and economic factors lying behind responses to globalization. A panel of international experts examine subjects which include; \* The international monetary system after the Euro \* The response of the Japanese software industry to globalization \* The dynamics of globalization strategy in South Korea \* Australian integration into the global economy \* The impact on China and Russia in their moves toward a market economy
