| Sommario/riassunto    | <p>Normal 0 false false false</p> <p>MicrosoftInternetExplorer4</p> <p>There is widespread agreement that the South has changed dramatically since the end of World War II. Social, demographic, economic, and political changes have altered significantly the region long considered the nation's most distinctive. There is less agreement, however, about the extent to which the forces of nationalization have eroded the major elements of Southern distinctiveness. Although this volume does not purport to settle the debate on Southern pol</p>   |
