This handy book is a beginner's complete course in the Swahili language, designed especially for foreigners. The book is a result of the author's many years of teaching experience. It is divided into two parts: part one covers pronunciation; Swahili greetings and manners; classification of nouns; adjectives, verbs, adverbs, etc. in twenty-eight lessons and thirty-six exercises. part two includes a study of Swahili usage in specific situations (e.g. at home, in the market, on the road, at the airport, etc.); eleven further lessons and thirteen exercises; the key to the exercises in Parts One and Two; and a Swahili-English vocabulary of words used in the book.
