| Sommario/riassunto | The liberalization of the Turkish economy is a key factor affecting Turkey's application to join the European Union. This book examines the impact of economic liberalization in Turkey and Turkey's approach to the elimination of barriers to trade. It focuses on the liberalization of |

trade in Turkey's agricultural and industrial commodities sector and key services such as telecommunications, electricity, natural gas, banking and transport. The chapters include thorough discussions on WTO and EU approaches for the elimination of barriers to trade, international and EU rules and regulations in
