Sommario/riassunto

This book contains a selection of refereed and revised papers originally presented at the 5th ICLC. After an introduction by the editors, the book opens with a long-needed chapter on historical precedents for the Cognitive Linguistic theory of metaphor. Two chapters demonstrate the method of lexical analysis of linguistic metaphors and how it can be fruitfully applied to a characterization of the conceptual domains of smell and economics. Three chapters deal with theoretical aspects of conceptual metaphor, one of which is a commissioned chapter on the relation between conceptual metaphor theor
