Sommario/riassunto	Lefebvre, Love and Struggle provides the only comprehensive guide to Lefebvre's work. It is an accessible introduction to one of the most significant European thinkers of the twentieth century. Rob Shields draws on the full range of Lefebvres writings, including many previously untranslated and unpublished works and correspondence. Topics covered include Lefebvre's early relationship with Marxism, his critique of the rise of fascism, as well as his Critique of Everyday Life and the significant work on urban space for which he is best known today.
